Clark Bridge, Niles Canyon, and Patterson Bridge To Be Built

Narow Strip of Road In Canyon To Be Widened

THROUGH the efforts of Supervisor Ralph Richmond, the Alameda county board of supervisors decided at its meeting, Tuesday, to appropriate $40,000 for the rebuilding of Clark bridge in Niles canyon, and between $50,000 and $60,000 for the rebuilding of a bridge across Patterson's slough on the Centerville-Alvarado highway. Bids for these two contracts will soon be let.

The board is also planning to widen the strip of road between the Clark bridge and Hord's bridge by a width of fifty feet. This has been one of Supervisor Richmond's pet hobbies while in office—to make the Niles canyon scenic drive one of the best roads of this kind in the state. Richmond bridge is one of his best accomplishments, besides having the road macadamized, during his term of office as supervisor of District No. 1. As one side of this strip which is to be widened is owned by individuals, their right-of-way terms are to be passed upon by the committee of the whole today.

As Clark bridge is narrow and dangerous, this new bridge will

SEVEN ARE INJURED WHEN CAR PLUNGES DOWN EMBANKMENT

Broken Steering Wheel Caused This Bad Accident

A car driven by Jasper Perry, of Pleasanton, plunged down a forty-foot embankment in Niles canyon when the steering wheel broke. This terrible accident occurred at 3 o'clock Wednesday afternoon. As the car went sliding down the steep incline the occupants were thrown out of the windows, although the car did not turn over.

Besides the man and his wife and four children, there was another lady riding with them at the time of the accident. The children were treated at Grau's Emergency Hospital. The father, who suffered a sprained back, and the two women, who received internal injuries, were rushed to the Highland hospital in Oakland for treatment. They will have to stay there for nearly a week before they can go home.

JOE OLIVER GETS PUBLICITY THRU ADVERTISEMENT

"Joe Oliver, Jr., highway freight transporter of Niles recently sent a one and one-half-ton truck and a three-ton trailer on which six tons of iron were loaded to Paso Robles.

"In the crankcase was Cycol motor oil. Over the Paso Robles and Salinas grades sped the truck with its iron cargo. The oil pressure gauge showed little or no vacation during the entire trip, 600 miles. The motor, working under tremendous strain, used only one quart of Cycol motor oil."

This story and more is found in the Associated Oil Company's advertisement on page three of the Township Register. It was published on page five of last week's paper.

Through this large advertisement which appears in hundreds of papers throughout California, Joe Oliver has received much publicity.

MRS. NAGLI'S UNCLE DIES

Wm. Perry, 80, of Santa Clara, while driving up to see Mr. and Mrs. Ernest Nagli, dropped over dead at the steering wheel, Sunday. The doctors say heart failure was the cause of his sudden demise. With him in the car were Mrs. G. T. Hitchcock, and Mrs. Paul Maggie, his daughters. Mrs. Nagli is his niece.

AT LITERARY COLONY

Mrs. Gladys Williamson, news editor of the Township Register, is spending the remaining week of her vacation at Carmel by-the-Sea. Mr. Williamson and the children visited her over the week-end.

Mr. and Mrs. A. M. Alves visited friends in San Francisco, Sunday.

WORK ON SCHOOL BUILDING RAPIDLY GOING FORWARD

New Primary Department To Be Completed August 15

The foundation and the frame work of the addition to the Niles Grammar school were put up this week by E. E. Dias, local contractor. The new primary department consists of two rooms now under construction and the old building of two rooms.

The outside of the building is to be given the same appearance as the other two buildings. Pabco shingles are to be laid on the roof.

Dias says the building will be finished by August 15 which is shortly before school opens.

"Pupils will fill the new rooms by the time the term is ended, as the enrollment is increasing every term," said Principal Bristow.

E. A. Harrison is painting the interior of the main building. By the time the school bell rings again the Niles school will be in fine shape.

Miss Mary Gray of San Francisco visited in Niles today.

LATTER DAY SAINTS MAY BUILD TABERNACLE, AUTO CAMP, SWIMMING POOL

Interesting Programme Is Planned for Rest Of Week

This is the last week of the annual reunion of the Reorganized Church of Jesus Christ of Latter Day Saints held on their grounds in Irvington. Seven hundred are camping on their beautiful camp grounds. Classes, services, and recreation periods are continuing as usual. Everything is run on schedule time.

There were many visitors in camp Sunday. The total at all the meetings was over one thousand people. "Sowing with Christ" was the subject of the beautiful and spiritual prayer meeting held Sunday morning. The sermonette, "The Restoration," was given by Robert Cowden of San Jose.

Swimming is held at a pool in San Jose in the afternoons of Monday and Thursday. The members of this church will vote Saturday morning whether they will build a swimming pool on the grounds or keep on taking the swimmers down to San Jose.

Reverend G. P. Levitt has a plan which he will put before the conference Saturday morning. He desires that they build cabins enough for all the delegates, which can be used for an auto camp during the remainder of the year. As it is quite expensive to put up the tents and to pay for the yearly up-keep of the building and grounds for only ten days, he thinks it would be better to have a permanent camp. The income derived from this auto camp would pay for the up-keep, and the ten-day conference in the summer, and leave enough money to start payment on a tabernacle which is

THE BANK OF ALAMEDA COUNTY TO BE OPENED BY SEPTEMBER FIRST

P. G. & E. Will Occupy Adjacent Office In August

CONSTRUCTION work on the Bank of Alameda County building in Niles is making splendid progress. It occupies the corner of Main and I streets. E. T. Leiter & Sons, of Oakland, are the general contractors of this outstanding structure.

According to the present rate of construction, the building will be ready for occupancy by September 1. The doors of this new $40,000 bank will then be opened to the public in a grand reception.

A specially pressed mullbery brick, manufactured by the Dickey Tile Clay Co., was used for the for the major part of construction. It is the only building made of this kind of bricks in Washington Township. Mission tiles manufactured by the M. & S. Tile Company, of Decoto, are being laid this week by the Eckhart and Ferrabee Company. This roof will harmonize with the library roof. The base of the building is made of granite furnished by McGilvray & Raymon Company. Extensive works in sheet metal are also used on the outside of the building.

The walls of the interior are to be stippled and mottled in pleasing colors. The interior decorators will endeavor to make this bank the most striking in this township. All new bank fixtures are to be installed by Lannon Brothers. Marble work is used extensively in the interior. It is furnished by the Vermont Marble Company.

The office building being built on the left side of the bank is also nearing completion. The Pacific Gas & Electric Company expect to move in by the middle of next month. The secretary's desk will be moved to the front of the store which will make it more convenient for the customers.

Charles G. Kuehn, engineer of bank construction of the Hermann Safe Company, is the architect for this striking building. He inspected the work being done, Tuesday.

CAR DRIVERS MUST TAKE SCHOOL COURSE

Foreigners who have not learned to read English are going to have to go to school a while before they are granted new operators' licenses to replace those issued prior to January 1, 1927. Examinations being held in Niles every Thursday and in Centerville every Tuesday have revealed the fact that a number of persons now operating cars in this section of the county are unable to give the meaning of such important signs as "stop," "slow," "curve," "danger," school zone," "railroad crossing," etc.

This discovery, traffic officers believe, explains the cause of a number of recent accidents in which cars operated by foreigners have figured. Tightening up of the regulations is expected to deprive many persons, especially Mexican fruit and vegetable workers, of the use of their cars until they learn to read. By weeding out a majority of the drivers who have come under the general classification of "dumb," Captain L. A. Eike, in charge of the county traffic squad, believes that there will be a material reduction in the number of accidents.

Rebeccas Surprise Odd Fellows With Fine Feed

The Rebecca lodge gave the local Odd Fellows a surprise banquet at the meeting last Monday evening.

H. L. Scott presided over the table as the toastmaster. H. C. Swanson, retiring noble grand, thanked the officers and members for their co-operation in helping to make his term a success. C. E. Plumb, the incoming noble grand, gave a short speech. Several of the other officers and members also made remarks.

The members presented Swanson with a past noble grand's regalia.

Thomas Elliot and family returned home Saturday from a two weeks' vacation spent near Strawberry Lake in Tulomne county.

MASS MEETING IS TO BE HELD AUGUST 6

"Shall we keep or lose the three street lights recently installed on Main street?", "If three lights make the town, what would twelve more do?" and as "Everybody likes to be lit up once in a while, let's make Niles so permanently." These are some of the snappy slogans in regard to the mass meeting to decide whether Niles is to form a lighting district, which are being shown on the silver screen of the Niles Vitaphone theater.

All citizens of this town are urged to attend this important mass meeting to be held in the Egyptian ballroom at 8 p. m., August 6. Speakers from the P. G. & E., property owners, and business men will be present to express their views and opinions in regards to this vital matter.

If the concensus of opinion is to form a lighting district, a petition will have to be circulated among the property owners in the district affected. There will have to be twenty-five signers.

If the district is formed, electroliers will be installed on the designated streets.

PETITION BEING CIRCULATED FOR MOSQUITO ZONE

Petitions are being circulated through Alameda county at present to form a mosquito abatment district. This project is being sponsored by the San Leandro Chamber of Commerce which has raised $2,500 to pay the solicitors in the larger cities such as Oakland. Alameda, and Berkeley. One thousand, two hundred and fifty dollars of this sum is guaranteed by the Oakland Chamber of Commerce.

"As most of the other counties near Alameda county have such a district it seems as if our county should have one to get rid of the mosquitoes,' says the president of the San Leandro Chamber of Commerce.

Decoto has already filled its petition with the required number of signatures. Other towns are following suit. Each local chamber of commerce has charge of the work in its town.

The quotas of signatures for the petitions in Washington Township are: Alvarado, 50; Centerville, 82; Decoto, 67; Irvington, 50; Mission San Jose, 40; Newark, 60; Niles, 90; and Warm Springs, 25.

P. A. Ellis spent the week-end in Alameda visiting relatives.

Editorial Comment

By NORMAN H. PARKS, Publisher Register

STAIN ON STATE'S ESCUTCHEON.

THE other day we read a dispatch under a San Quentin date line that the application for the parole of Paul Kelly, Hollywood screen "star," had been set aside for a week. We haven't noticed since whether the prison parole board set this degenerate free or not, but we suppose it did. Its past record is odoriferous enough to imply that action.

** * **

If there is any one state department that needs a thorough investigation, a wholesale cleaning out, an unanimous suspenson and the appointment of an entirely new personnel, it is that parole board that is rapidly making the prosecution and conviction of murderers a mockery and a snide.

You read not long ago what these men did for Dorothy McKay, the adulteress, and partner of Paul Kelly, who aided and abetted this charlatan and rogue into beating her husband to death. We think it was the same board that turned "Big Hutch," the bunco man, loose under conditions of questionable secrecy—the man, you know, who robbed the widow, the orphan—the man who would have stolen a penny off a dead man's eye —that was his type! He was convicted honestly and fairly and sent to the penitentiary only to be turned loose by Friend Richardson's parole board, some members of which outrage the state by still being a part of that body.

** * **

What is the matter with Governor Young? He was elected as a progressive, and had a splendid record. Can it be that he is afraid of starting trouble? Certainly he is not ignorant of conditions, and does not lack the ability to propose a remedy.

Anyone can drift with the tide—lull themselves into a feeling of security. It is very easy to turn a job over to a subordinate and then forget the subordinate and the job. But this is not statesmanship, not leadership—not what we expect from a governor—especially Governor Young. The stigma of the parole board rests upon his administration. He cannot escape responsibility. Yet we know Young too well to believe that he approves this dastardly practice. His record of public service disclaims a partnership in the affair. Fundamentally a man of peace and loving harmony, he shirks from a contest with this branch of his official family. He hesitates at an open breach with men who are perhaps personal friends. His duty, however, is to the state, not the friends who may constitute this particular department. Maybe he does not possess the power to remove members from this parole board, but he has the power to speak, the power to condemn the practice of turning criminal morons loose because they have friends—powerful friends.

** * **

Silence is generally considered a testimonial of approval. And we are sure that Governor Young will not remain silent longer under this provocation —this outrage flung in the teeth of California by a body of men who seem to be lost to all obligation to the people who elevated them to a position of grave responsibility—a responsibility sadly beyond their comprehension, their understanding.

WITH BUT A SINGLE THOUGHT

The thoughts of Editor Brown of the Hayward Journal and those of the humble scribe of this great family necessity, were running in the same channel last week. The lead editorial in that estimable journal was a strong plea against the habit of cigarette smoking, especially among girls. The Register editorial of last week was along the same lines. It was more than a co-incident,—it was a case of two great minds working together against a growing evil, and speaking convictions, —which, while maybe not popular, are at least pertinent and timely.

Editor Brown ends his able argument against lady nicotine, with this observation:

We are fully aware that we make these remarks in this supermodern age at the risk of being considered narrow and provincial but if advocating decency, nerve efficiency and physical efficiency lays us open to criticism, places us among the rank of bigots and our friends charge us with Puritanism we shall have to plead guilty to the charge. We re-affirm our first statement in this editorial, that the tendency toward the general use of cigarettes is one of the most undermining tendencies of modern times.

I. O. O. F. Install Officers Recently

A joint installation of the Crusade and Niles I. O. O. F. lodges was held in Alvarado on Tuesday, July 9.

District Deputy G. M. Roy Rose was the installing officer.

The officers installed to serve Crusade lodge were:

Ed. Graff, noble grand; E. G. Lang, vice grand.

After the installation, refreshments were served in the banquet room.

Mrs. Kibby Is Given Surprise Shower

Mrs. E. A. Richmond entertained a group of friends at her home in Alvarado in honor of Mrs. H. M. Kibby, of Niles, on Saturday, July 20.

The afternoon was spent in playing bridge, after which delightful refreshments were served, and a surprise shower given the guest of honor.

Eagles Hold Meet And Banquet Here

The East Bay Council of the Fraternal Order of Eagles had its regular meeting at the Alvarado Hotel on Thursday, July 18, which was preceded by a chicken dinner served by Joe Morlat, proprietor.

Forty-five sat down to the table, one of the best attended meetings of the council this year.

NEW RADIO STORE LOCATES IN NILES NEXT MONTH

The store in the Peterson building is being remodeled into an unique radio shop which will be run by Joe Blacow and Marceille Sullivan. They plan to open their store around August 10, depending on the progress of the interior decorations.

The interior is to be transformed into a Spanish home, with a delightful cool patio. There will be a real tile roof, awnings, settees, and a Spanish fence. The walls and all other features are to be given Spanish treatment, to appear as an old brick wall.

A new display window is to be installed. Majestic radios will be on display in the show windows.

The announcement as to the date of the grand opening of the Blacow & Sullivan Radio Store will appear soon in the columns of The Township Register.

Personal Items

Mrs. T. H. Hudson and daughters are spending their vacation in Yosemite valley.

Joe Oliver, Jr., highway freight transporter of Niles recently sent a one and one-half ton Fageol truck and a three-ton trailer on which six tons of iron were loaded to Paso Robles.
In the crankcase was Cycol Motor Oil. Over the Paso Robles and Salinas grades sped the truck with its iron cargo. The oil pressure gauge showed little or no variation during the entire trip, 600 miles. The motor, working under tremendous strain, used only one quart of Cycol Motor Oil.
Enjoy finest motor performance. Drive in at the red, green and cream station or garage and fill up with Cycol, the Motor Oil of "Endurance Beyond Belief." No motor oil deposits less carbon than Cycol. It has amazing stability, maximum lubrication value. Cycol lasts longer; it assures an unbroken, protecting film of oil where heat, pressure and friction are greatest.

STATE FAIR AND EXPOSITION FROM AUG. 31 TO SEPT. 9

California To Celebrate Diamond Jubilee At State Capital

Fifty-five of California's fifty-eight counties, seven western states and the Republic of Mexico have thus far reserved space for exhibits at the California Diamond Jubilee State Fair and Western Exhibition whch opens at Sacramento August 31, and continues for ten days.

The two largest buildings of the twelve on the State Fair grounds will be used for the county and state displays. Many of the county exhibits will be historical in theme, providing an appropriate setting for California's seventy-fifth anniversary exposition.

In the Western States building will be displays from Oregon, Arizona, Idaho, Nevada. Utah, Wyoming and California, an extensive exhibit by Mexico, and a special showing of products from the Kern county, California, ranch of President Herbert Hoover.

Other departments of the fair will be conducted on a larger scope than ever before, including the live stock department in which $27,000 in prize money is offered; the horse show with $23,600 in premiums; the racing program with purses totaling $34,000; the educational building with displays from schools in every county of California; the machinery building and the State Fair Aircraft Show, a new feature of the exhibition.

An exceptionaly fine program of attractions for grandstand crowds is being arranged. The fair will run two days longer than usual and preparations are being made for a record attendance.

Any farmer in this township wishing to exhibit his prize products should get in touch with Harvey Braun at the Southern Pacific depot, Niles. Fresh fruit and vegetables will be sent to Sacramento now to be put in cold storage until the fair opens.

TILE INDUSTRY AT DECOTO SHIPS PRODUCTS SOUTH

Weathered and Aged Tiles Are Made As A Specialty

Four years ago Frank Thomas, of Decoto, pioneered the hand made roof tile industry in this district. Today his plant is shipping as many tiles as it can manufacture. Thomas has had wide experience in this line, as he has been in the business for 23 years, and had studied the tile roofing of the homes in the different European countries while he was overseas.

One year ago his plant was burned down by a fire, but he immediately rebuilt a larger place. At present the Thomas Hand Made Tile Company is specializing in dark tiles used to give a roof an aged and weathered appearance. Only experts can color these tiles to perfection. All of the clay is dug in Decoto.

Thomas claims the distinction of being the only manufacturer of Spanish ollas or Mexican water jugs in Northern California. He also makes other types of pottery.

In the last three months the local plant has shipped 140 tons of hand made mission tile to Santa Barbara, Monterey and Carmel. The architects there are demanding these weathered tile. It has taken seven men at the Decoto plant to make enough tile for the four roofers to lay. Thomas says: "If the orders keep up like this I will have to build another kiln here, as I have had to purchase 80 tons of regulation roof tile from Los Angeles to get my orders out in time." A fine example of his products in Washington Township is the mission tile roof of the Jane Clough Memorial Library in Niles.

"Any one who wishes to visit our plant and see the process of hand made tile making are welcome to come any day," said Thomas.

During hot weather greater comfort will result through covering the front seat with a straw seat mat. This accessory tends to resist the heat.

The gas tank on your car should be kept tight at all times for if it is allowed to move around, undue wear might result, causing leakage.

HOUSE ON SHINN RANCH IS BURNED WEDNESDAY NOON

A house occupied by Mr. and Mrs. Mat Santieo and four children was burnt to the ground Wednesday noon. The interior of the house was all in smoke before any one noticed it. As soon as they opened the doors, it went up in flames. It was gone too far to be saved by the fire department who came as soon as they were called.

No one seems to know how the fire originated. The house was empty at the time. All the furniture including new radio, washing machine, sewing machine, and several stoves, and all their clothing ere bwurned. Nothing was saved.

The house was situated near the Shinn Dairy. It belonged to Joe Bernard. They estimate the loss at $800. There was no insurance carried on the furniture or the house.

Many people during their lunch time came over to see the fire.

Decoto Community Christian Endeavor Makes Fine Progress

The following is a report of the progress and accomplishments of the Decoto Community Christian Endeavor during the past two years:

This new society was organized on July 24, 1927, by Orville Blose in the old Congregational church building. (Old residents of this township say this church was built by the Christian Endeavor society about forty years ago). With ten members joining the society, meetings were held on Sunday evenings. Soon it was decided to also hold a mid-week meeting on Wednesday nights. This meeting was divided between Bible study and singing.

Every month the society has had a social. Last year the anniversary was celebrated with a banquet and installation of officers. As several of the members are away on their vacations this year, the banquet is to be postponed until later.

To date, the society has held one hundred Sunday evening services and Christian Endeavor meetings. The members have presented the following plays: "Naaman, the Leper," "The Way," "The Light of Life," "The Door of the Inn," "Uncle Sam's Community," "My Quest," and "Darkness to Dawn."

Ten missionary programs were held, two rally days, one Lincoln's birthday, two Livingston's birthday, two mothers' day, two Christmas, four peace, and one commencement programs.

Twenty socials and four banquets were given.

Classes in Bible study, and evangelism were held weekly.

Through a carnival, $40 was raised to have the church roof resurfaced. Twenty dollars was expended for foreign, national and home missions, and $15 for new song books. The Decoto Christian Endeavor wishes to express thanks to the following:

Rev. H. J. McCall, for sermons; Rev. J. R. Stevenson, for sermons; R. Barnes Anderson, for evangelism; Rev. Arthur Seebart, for sermon leadership; W. D. Coleman, for address; Rev. J. Moore, for sermons; Frank May, for addresses; G. C. Nickells, for fishermen speakers; Reuel Smith, George Smith, Ralph Sanders, Oscar Carlson, Mr. Van O'Connell, Wm. McPherson, for fishermen speakers; Mrs. H. J. McCall, for talks; Emma Simonsen, for mission talk about China; Mr. Grace, for singing and address; T. J. McMillan, for fisherman speakers; Lydia Hepperly, mission talk about Brazil; Mrs. Mary Mills, organist; Chester Smith, entertainment, Mothers' Club for assistance in many things.

Respectively,
ORVILLE BLOSE,
President.

planned to be built in the future. As the assembly tent is nearly thirty years old they will have to buy either a new tent or build this tabernacle. As stated above the swimming pool will also be voted upon at this time. This feature would have great demand in this township as well as with the tourists who would stop at the camp.

The annual field day is to be held Saturday afternoon. This time only comic stunts will be given. A cup is to be given to the branch placing in the most events. Handicaps will be given, so the branches will have equal chances. Many of the boys go on daily hikes over the hills.

Apostle J. F. Curtis has arrived from Independence, Missouri, and will be the principal speaker for the remainder of the week. Several families have driven up from Southern California to attend the reunion.

EDITORIAL

Preaching is one thing; good business policy is another. Men find things to criticize in preaching; only a dumb-bell opposes the safe and sane business proposition.

If you study your newspaper as you should, then take note of the great number who are overtaken in crime, folly, and other wrongdoing. Set the number down in your memorandum-book each day for a month. The number will astonish you—and the sad total will be a shouting, thundering argument for right living.

There is absolutely no excuse for doing wrong—for it is the poorest business policy in the world; why? because it leads inevitably to disaster.

Take intoxicating drink, for instance. Over-indulgence, or, for that matter, taking it under circumstances save under advice of a good doctor for illness—is very, very poor business policy. Why? Because its victims are legion.

If cheating, defrauding and falsifying were not wrong morally, it would remain one of the worst business policies. Such an operator may apparently succeed for a time, but will surely be exposed in time, and bring sorrow to the perpetrator.

The price of a clear conscience is beyond doubt effort well expended. Compared with the dividends reaped, the clear conscience pays more than the best stocks on the market today. To maintain a spotless character and reputation is to have the best credit and backing in the world.

Every man knows right from wrong by native intuition. Every man has been at the forks of the road. It has always paid to turn to the right. There is no better business.

The square shooter is the happy man; the crook does not know the meaning of happiness because always apprehensive; he is never sure of being safe; his restlessness becomes self-torture in course of time. The best business policy in the world is—the Golden Rule.

ROAD SIGNS

Warm, clear weather, wih an average temperature of eighty-five degrees, is reported at Fairview, Kern River. All streams in that section are now clear and low, offering fine fishing. All varieties of trout may be had averaging ten inches in size in the streams, and larger in the river.

Kern River Fishing

Monterey-Carmel Road

Work on the new Monterey-Carmel road over Carmel Hills, is progressing rapidly with night and day shifts working at top speed. This new road will eliminate all steep grades and sharp turns.

High Sierra Camps Open

The six high Sierra camps adjacent to Yosemite Valley have now been opened for the season. Little Yosemite and Tenaya Lake camps are near some of the best fishing grounds, and scenic spots in the Sierra.

High Sierras Fishing

Excellent fishing may now be enjoyed in the Salmon, South Dry Meadow, Dome, Trout, Manter, Taylor and Rattlesnake creeks, and in the south fork of the Kern river. All varieties of trout, with an average size of ten inches, are being pulled from these waters. Big Pine Creek in Mono county is also filled with fine trout.

Oiling operations between Boulder Creek and the Big Basin have been completed, and this road is now in excellent condition.

Can You Answer Twenty of These 35 Questions? If not, no Driving Permit

Here is what every motorist must know in order to obtain a driver's license under the new state law, according to the local headquarters of the state motor vehicle department. For this is the list of questions from which twenty-five are chosen for each applicant, who must be able to answer twenty of them.

Examinations for new operator's licenses are being given in Washington Township at Judge Silva's court every Thursday from 10 to 5:30 and at Judge Norris' court all day Tuesday, under the auspices of the State Motor Vehicle Department.

1. What is the maximum speed allowed by the law in the following districts?

(a) Business?

Ans. 15 miles per hour.

(b) Residence?

Ans. 20 miles per hour.

(c) School zones?

Ans. 15 miles per hour while children are present.

(d) Public highway outside of city limits?

Ans. 40 miles per hour.

(e) What is the speed limit across blind railroad grade crossings?

Ans. 15 miles per hour.

2. What does the law require of you in case of a serious accident?

Ans. You must stop and give aid, give names and addresses of your passengers, not exceeding five, and report to the Division of Motor Vehicles or to police headquarters, such report to be made within 24 hours.

3. Which vehicle has the right of way when two vehicles reach an intersection at about the same time?

Ans. The vehicle coming from the right.

4. Is it ever lawful to pass another vehicle at an intersection except when told to do so by an officer?

Ans. No.

5. What is a blind intersection?

A.—Where the driver's view is obstructed for 200 feet during the last 100 feet before reaching the intersection.

6. What is the speed limit crossing blind intersections?

A.—15 miles per hour.

7. In what position on the street approaching an intersection must a car be before turning to the left?

A.—Center of street or left line of traffic.

(a) Right?

A.—Inside line, or right line nearest curb.

8. How near the curb shall your car be when parking parallel with the curb?

A. Within 12 inches.

9. What does the law require you to do when driving away from the curb?

A.—See that you will not interfere with any vehicle and that you can do so safely. You must give the signal by extending your arm.

10. Do vehicles on the highway always have the right of way over vehicles entering the highway from a private drive?

A.—Yes.

11. Under what conditions may a vehicle stand inside of 15 feet from a fire plug?

A.—Only while there is a licensed driver in the vehicle.

12. How should you park on the highway outside city limits?

A.—Drive off main traveled or paved portion before parking.

13. Does the law permit parking in front of a private driveway?

A.—No. Nor in front of a garage entrance or a fire station.

14. What does the law require when leaving a vehicle unattended?

A.—The motor must be stopped and brakes set.

15. Is it permissible to park your car on the highway outside city limits to change a tire?

A.—Not if physically possible to get off the highway.

16. What are the proper signals to give when—

(a) Turning to the left?

A.—Hold arm straight out.

(b) Turning to the right?

A.—Hold arm out with forearm and hand pointing up.

(c) Stopping?

A—Extend hand and arm down.

17. How far before turning or stopping should the signal be given?

A.—The arm should be kept out during the last 50 feet, at least, before turning or stopping.

18. Where does the law permit you to make an U turn?

A.—At an intersection, or in the residence district when no vehicle is approaching within 200 feet in either direction.

19. What procedure does the law require when you hear a siren?

A.—Drive to the right side of street or highway and stop, but do not stop in an intersection.

20. When does the law permit passing a standing street car?

A.—Where there are regular safety zones or where you have room to keep your vehicle six feet from the running board or steps of the street car and at the rate of 10 miles per hour.

21. When does the law require lights on vehicles to be turned on

A.—One-half hour after sunset to one-half hour before sunrise, and any other time when a substantial object is not visible at 200 feet.

(Note—Both headlights and tail-lights must be lighted, regardless of what other lights are lighted.)

22. What does the law require at boulevard stops?

A.—Vehicles must stop and not proceed across street or into street until they can do so safely.

23. What vehicles have the right of way at all times?

A.—Police and fire vehicles, ambulances.

24. What vehicles are required to stop at railroad crossings?

A.—Vehicles carrying passengers for hire, stages, school busses, or loads of inflammables or explosives.

25. Do you know the penalty for driving recklessly, or under the influence of intoxicating liquors or drugs?

A.—Maximum penalty for reckless driving is $250 fine or 90 days in jail or both. Maximum penalty for driving while drunk is 3 years in prison or $5000 fine.

26. In what position upon the highway are you required to operate a motor vehicle?

A.—On the right-hand side.

27. Where does the law require you to keep your registration card?

A.—In plain sight in the driver's compartment.

28. Are loads allowed to project from the sides of passenger vehicles?

A.—They must not project beyond the line of the hub-caps on the left side, nor more than six inches beyond the line of the hub-caps on the right side.

29. Is it lawful to pass a vehicle which is about to pass another vehicle going in the opposite direction?

A.—vehicles passing each other in opposite directions have the right of way and it is unlawful to pass between two such vehicles unless there is sufficient road width to give one-half the highway to the vehicle coming toward you.

30. What does the law require of you when another vehicle gives a signal showing that it desires to pass?

A.—You must give way to the right, if possible, and not increase speed until completely passed.

31. Is it unlawful to follow another vehicle on the public highway outside city limits, closer than 15 feet? A.—No.

32. Is it unlawful for license plates to be obscured?

A.—Yes. They must be attached so as to be clearly visible and kept free from foreign matter so that they can be easily read.

33. How soon after moving are you required by law to notify the Division of Motor Vehicles of your new address?

A.—Within 10 days.

34. Is it unlawful for any person to allow his child under 21 years, or employee, regardless of age, to drive without the proper license? A.—Yes.

35. Is it lawful to pass on a curve where the driver does not have clear view of at least 150 feet?

A.—No.

Safety Campaign For Vacation Days Is Started In Township

Mrs. James R. Whipple Chairman for Local Territory

"During the school term with children crossing the streets, the motorists adapt themselves to rigid cautiousness, but when school is out, the habit of cautious driving to definite and designated areas is abandoned," states Mrs. James R. Whipple, chairman for Washington Township for the safety council of the California Development Association.

"Vacation time means that the streets of our cities and highways in rural districts are more apt to be alive with children than during the school term and to save the life of a child, every motorist must be continually alert and cautious.

"Vacation days are the happy, health-building days of child life and care and courtesy must be adopted by all motorists.

Statistics show that 14 children were killed in June and 15 were killed in July of 1928, as a result of automobile accidents. The appeal to motorists from Mab Copland Lineman, member of Safety Conference, and well known attorney, reads as follows:

"If all motorists of California would co-operate in using a little more care and a little more courtesy in driving, we could eliminate the horror of this death list of children. Statisticians inform us that unless motorists change their driving methods perceptibly, they expect 20 children to be killed in June and 25 children killed in July of this year as a result of automobile accidents. The Save a Child campaign has been inaugurated as part of the year-around safety educational campaign of the Development Association for the reason that the danger of carelessness both on the part of the child and motorist is more acute during these months than at any other time of the year."

Mr. and Mrs. H. C. McMahan and children motored to Santa Cruz in their new Chevrolet, Sunday.

Rev. and Mrs. A. W. Seebart left Tuesday for a two weeks' vacation in Yosemite Valley. They will have their own cabin to live in while staying there.

Mrs. Annie King, matron of the Childrens' Welfare Home, is spending her week's vacation in Hayward. Mrs. Carry Martin is substituting for her this week. At present there are four children living at the home.

"MOLLY AND ME;" VITAPHONE SHOW AT NILES THEATER

Belle Bennett and Joe Brown in "Molly and Me" is coming to the Niles Vitaphone theater, Sunday and Monday. This picture is a talking, singing and dancing hit from the musical shows of Broadway. Vitaphone talking pictures are also shown in conjunction with this feature.

A widely talked about picture, "Close Harmony,' is coming to the local theater next Wednesday and Thursday. The musically talented Buddy Rogers co-stars with Nancy Carrol. The orchestral, singing and saxophone parts are very striking.

The all-talking picture, "The Wolf of Wall Street," with George Bancroft as the star, is being shown tonight. As there are so many people playing the market at the present time, Paramount Pictures decided to produce this Wall Street movie.

Hoot Gibson in "The Winged Horseman" is the feature picture for Saturday night. The last episode of the Collegians will be shown. A beautiful doll will be given away at this time to the child having the most votes in the baby contest.

The steering mechanism should be checked thoroughly by an expert for worn and dry condition before starting on a vacation trip. Many serious accidents have occurred, especially in mountain driving, when the steering mechanism went wrong.

The Register for better printing.

MORE ON CLARK BRIDGE, NILES

(Continued from Page One)

be a great improvement to the canyon drive.

The bridge across Patterson's slough is also unsafe and narrow. Last winter the bridge was closed for a week because of repair work being done. The bridge, which will replace the old structure, is to be made of re-enforced concrete. As beween fifty and sixty thousands dollars is appropriated for it, the bridge will be one of the best of the county highways.

The board has ordered the surveyors to make the necessary plans and specifications for the two bridges. Soon following the acceptance of these plans by the supervisors, the bids for the contract will be advertised. They may accept only forced contracts, which means that the contractors will only employ men from this township. These three projects will give work to many local men for some time.

Another piece of work Supervisor Richmond has planned is the oiling of the main streets in the residential district of Niles. If he is allotted the money which he requests in his budget, the streets will be oiled this fall.

VISITORS AT NILES HOME

Lee Sample, of Tracy, visited his mother, Mrs. Julia Sample, at the Niles Home, Sunday. Mrs. Lannes Sharman, of Centerville, spent the day with her grandmother, Mrs. Margaret Walton.

Mrs. Grace Black, of San Francisco, celebrated her mother's birthday with cake and candles. It was Mrs. Nellie Osborn's sixty-eighth birthday.

ACTING CHAIRMAN OF BOARD

While Chairman Hamilton of the board of supervisors is taking his vacation, Ralph Richmond, supervisor from District No. 1, is acting chairman of the board.

A great scenic route to the East . . .

Make the most of your travel investment this summer by planning your trip via this famous route thru the mountains.

The 100-mile Feather River Canyon and the High Sierras form a most magnificent panorama of mountain scenery followed by the Canyon of the Colorado River; the Eagle River Canyon; the heart of the Colorado Rockies, and the spectacular Royal Gorge (your train pauses for ten minutes at the famous "Hanging Bridge").

Through Pullmans to Chicago via Western Pacific to Salt Lake City—Denver & Rio Grande Western to Denver, thence Burlington Route. No change of cars required. And by a fortunate adjustment of train schedules, the regions of chief scenic interest are to be seen during daylight hours. For tickets, and complete information, write or call on
